

# quick induction heating cambered, half-round steel rod by UM-40AB-HF

United Induction Heating Machine Limited

We are experienced in Induction Heating, induction heating machine, Induction Heating equipment. They are widely used in induction heating service, induction heat treatment, induction brazing, induction hardening, induction welding, induction forging, induction quenching, induction soldering induction melting and induction surface treatment applications  
<http://www.uihm.com>

The principle is let the cambered steel rod as a part of induction coil but without water cooled.
